## LEPER GIVEN PRESENTS ON NATAL DAY

Frank of the leper colony of the county hospital celebrated a happy birthday yesterday. The coveted harmonica became his along with the traditional birthday cake and other gifts which he never dreamed he might own. A group of friends and strangers who are interested in the interned lepers visited the compound during the day. A program was given by the guests and by the young men and women who make up the hill colony. Captain William Day offered a humorous address.

A group of county hospital friends of which Mrs. Al Iatham is president, provided the harmonica which Frank asked for and plenty of candy. A big birthday cake and other gifts came through the appeal in the Oakland Tribune. Another birthday celebration was presented to the young men from the Wampanoag, Ward Memorial M. L. Church.

**MRS. ALICE McCLUSKEY** prominent Lewiston woman, who says she wishes she could have gotten Tanlac twenty years ago, as it would have saved her lots of suffering. Declares she is now well and happy and that she wants everybody to know about it.

"I have been trying for twenty years to find a medicine that would overcome my troubles, but my efforts failed me completely until I commenced taking Tanlac," said the remarkable statement made by Mrs. Alice McCluskey, residing at No. 50 Park Street, Lewiston, Me., a well-known and most highly respected woman of that city.

"I just feel like I would give the world to meet everyone who suffers as I did and tell them about this medicine. If I could only have gotten Tanlac twenty years ago, it would have saved me a lot of suffering and money."

"My principal trouble was indigestion, and for many years I could not eat meat or pastry for I would always suffer afterward. I would most always have a distressed feeling after eating and nothing seemed to do me any good. I had to add to the rest of my suffering, I contracted rheumatism in my shoulders and hips and the awful pains I suffered can never be told. I would finally get so bad I could hardly walk and my arms pained me so I could scarcely raise my hands to my head. I even had to give up my housework and was hardly able to get around at all."

"You can imagine how happy I was when, after taking only a few bottles of Tanlac, I found such a wonderful improvement in my condition. Why it was just the medicine I needed all the time and I continued taking it until now I am perfectly well again. I can truthfully say that I am enjoying a good health now as I ever had in all my life. I have gained about 14 pounds in weight and can again do all my housework without the least trouble. I don't get tired like I did and after doing my work I can get out and walk for blocks and feel just fine when I get back home."

Tanlac is sold in San Francisco and Oakland by The Owl Drug Company Stores.—Advertisement.

## News of the Churches

The First Congregational Church sermon program yesterday attracted large congregations both morning and evening. Dr. J. W. Landrith occupied the pulpit in the morning. His unusual lecture-sermon was entitled, "Atlas on the Water Wagon is Not It Done." He discussed the possibility of the "world-wide prohibition" project.

He deplored the movement of liquor interests to establish distilleries in Mexico and China, declaring it utterly vicious, un-Christian, like and un-American. "If the booze magnates carry out their intention of establishing distilleries in other countries, using American capital for the purpose, a measure should be introduced in Congress providing for their permanent deportation and denying them all rights of American citizenship," Dr. Landrith declared that everything points to the measure being adopted.

In the evening, Dr. J. Van Horn spoke on the conviction of Anita Whitney.

**TEMPLE SINAI TO BE SCIENCE OF PROGRAM**

Among other things the pastor said, "The answer to the tale is the half in and half way out of the church is utter misery. It is just like the marriage ceremony, if the heart is not wholly in it, it is hollow. We are not enjoying religion fully until we appreciate the Cross and the burdens, as true religious life can only be happy when we sacrifice and practice self-denial."

The pastor of Eighth Avenue M. E. church, Rev. James Whitaker, chose as his theme yesterday morning, "Wise Winners of Souls." He said among other remarks: "There is no question but that there must be larger and deeper consecration of the soul-life to God than we have today, or the world will lose all that is distinctively Christian."

**Smelzer Marital Troubles Aired by Wife on Stand**  
SAN FRANCISCO, March 8.—Financial and marital troubles that ultimately led to the separation between herself and her husband were related by Mrs. Irma G. Smelzer when she took the witness chair today in Superior Judge Bernard Flood's court in the \$50,000 allegation suit brought by Smelzer against John S. Poucher, former pastor of the Central Methodist church. The witness explained that the final break with her husband occurred when he insisted that she reside with his parents in a home to be built at Palo Alto. Her husband's plan, Mrs. Smelzer said, was that she was not to pay him for her board and lodging but assume a share in the expense of constructing the parents' home. She asserted that while she was residing with his parents in San Francisco

## WHAT IS THE MATTER WITH THAT CHILD?

When Children Grow Pale and Listless Their Blood May Be Weak

PEPTO-MANGAN MAKES RED BLOOD

Sold by Druggists in Liquid and Tablet Form—Both the Same in Medicinal Quality

When your child loses color, acts and talks without spirit, and does not play like other children, act quickly.

If the condition is not deep-seated disease but merely due to poor blood, give Pepto-Mangan. Gude's Pepto-Mangan is just the tonic for pale, thin children whose blood needs rebuilding. It is a pleasant-tasting, simple combination of exactly the ingredients that increase and enrich the blood.

Beneficial results show almost at once in brighter eyes, blooming cheeks, a sprightly step, and the whole system made more vigorous. Pepto-Mangan is obtainable in liquid or tablet form, which ever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan—Advertisement.

## Reception Is Given Friends of Fraternity

With Chinese art, embroideries, panels and Oriental lanterns carried out in the decorative plan throughout the chapter house, the Sigma Chi fraternity gave one of the most interesting receptions of the week yesterday afternoon. While the walls were hung in the rich tapestries of the Far East, in the hallways a great cherry tree in full bloom was placed, its branches spreading towards the three large reception rooms where the guests were assembled. Bamboo branches hung with cherry blossoms gave a touch of fresh effect over the ceilings.

The receiving party, members of the fraternity, wore Mandarin coats, muscians were in Oriental costume and the music was that of the Orient, the effect carried out even to the refreshments served.

Mrs. Arthur Cunningham, who is to leave soon for Honolulu, is to be the guest of honor at a bridge and tea for which Mrs. Waldron Gregory has been put in charge. The party is to be held at her home in Parkside drive.

**SEYMOUR'S RETURN TO WEST**  
News that Mrs. C. E. Seymour (Helen Lawton) of Carmelville, Wyoming, and her children are to come to California to make their home for the next few years was received last week by Mrs. Frank H. Lawton, mother of Mrs. Seymour. Mrs. L. E. Martin Jr. is to accompany her sister to California on a visit, and later Mr. Seymour will arrive from the East.

**BENEFIT SHOW AT CLUBHOUSE**

Miss Anne Morgan of New York is chairman of the work abroad. A group of Berkeley matrons will be patronesses for next Thursday's performance. Miss Muriel Valentine of Los Angeles will be the speaker. She has spent two years abroad in the work.

The Worthwhile Branch of the Baby Hospital Association met Thursday afternoon at the home of Mrs. John Schi. Mrs. J. L. Butler, chairman of the branch, presided, and the usual work towards the end of the year bazaar was continued by the members.

**BRIDGE CLUB MEETS TUESDAY**

## Y. M. C. A. INVITES PUBLIC SUPPORT

The recent drive of the Y. W. C. A. of Oakland for funds secured but a portion of the amount necessary to sustain that organization. Members of the association believe the failure was due to a lack of realization by the public of the association's achievements and needs. They, therefore, issued the following letter to the public today.

To the friends of the Young Women's Christian Association:  
The \$60,000 finance campaign of the Y. W. C. A. of Oakland, less the \$24,000 to date, caused by a number of different reasons. The influenza was at its height during the time of the campaign and less than half of the promised workers were able to participate, so that many of the association have not been approached. The serious shortage in the funds, however, is creating a difficult situation in the management of the association, and as it is the belief of the board of directors that the community appreciates the value of this work, they have decided to place the matter before the people of the city by means of this letter.

The \$60,000 budget was carefully devised by the finance committee and supervised by the men's advisory board. Of this sum \$700 was to be used for the reduction of the mortgage, and the remaining \$59,300 for the running expenses, which include: Service departments, employment, rooms, recreation, information, emergency, etc., extension, recreation and girls' work departments, physical and swimming departments, work among foreign speaking citizens, work for colored citizens.

The housing and canteen departments of the association, while inadequate to meet the needs of the city, are self supporting, though not income producing.

The directors of the association recognize that this building is a community asset, and are using it not only for members of the Y. W. C. A. but for other organizations including the Y. O. T. U. college groups from the girls' division, big sisters, etc. It is desired to manage it as economically as possible, for the best interests of the entire community, and with this object in view, the board appeals to the community for its support.

All friends of the association who have not already done so, are urged to make their contribution at this time.

Very cordially,  
YOUNG WOMEN'S CHRISTIAN ASSOCIATION.  
MRS. J. J. VALENTINE, President.  
ALICE M. BROOKMAN, General Secretary.

## To Get Strong and Put on Flesh

People who have tried it say that one of the quickest and surest ways in which those who are weak, thin, nervous and run down can grow strong and put on pounds of solid stay-the-flesh is to take a certain tablet of Blood-Iron Phosphate with each meal. This is doubtless due to the well-known fact that Blood-Iron phosphate quickly builds up depleted nervous energy and at the same time supplies the iron necessary to maintain rich, red strength-building blood. If you are weak, thin, nervous, or are lacking in the old-time vigor, endurance and optimism, go to The Owl Drug Co. or any other good druggist and get a rough Blood-Iron Phosphate tablet three weeks and take as directed. If at the end of three weeks you don't feel one hundred per cent better and aren't in every way satisfied you can have your money back for the asking. Remember: Better try it today—Advertisement.

**HAD A COLD ALL WINTER.**  
The colds that "hang on," the coughs that rack your body, the wear you down, the weakness that comes from loss of sleep—these are afflictions from which relief is well-nigh a blessing. Nick J. White, 2431 N. D. street, says: "Words cannot express the gratitude I owe Foley's Honey and Tar for the miraculous relief it gave me. I had a cold all winter, but since taking one bottle it has entirely disappeared. I will never be without your remedy if I live to be 100 years old." Osgood Bros. Drug stores—Advertisement.

## PRIVATE SHOW OF AUTOS A SUCCESS

The private display of the new Chalmers models which has been held throughout the week at the L. H. Rose Company's Oakland show-rooms ended last night. The unique exhibition has proved to be a great success. Naturally, J. L. Brambila, manager, and his assistants are more than pleased with the results. Sunday was "Hot Spot" day. Many people, although having a hazy knowledge of what the "Hot Spot" and "Rams Horn" are, do not understand their important functions nor how these innovations have almost revolutionized motor construction. The purpose of the "Hot Spot" and "Rams Horn" manifold was clearly defined to those attending the display.

Even next the showrooms have been packed with interested owners, as well as hundreds of other "possible" owners.

The Acme Auto and Taxi Company, which already has eight Chalmers in operation, purchased two limousine-laundries and two seven-passenger sport models during the week.

It is interesting to look at a record of the sales and see the distances people have come to view the new models. The big twenty-passenger stage has been the center of attraction for the commercially inclined. The well-finished body was built at the L. H. Rose shops over a Chalmers motor.

## Funeral Services for Pioneer Woman

Funeral services for Mrs. Sophia Drew, California pioneer, will be held tonight at 8 o'clock at the home of her daughter, Mrs. Rose Addington, 1824 Adeline street, and the remains will be sent to Santa Cruz tomorrow for burial. Mrs. Drew was a member of Isabella Rebekah Lodge of Santa Cruz.

Deceased was a native of Maine and came to California in 1861. She was 81 years old. Besides Mrs. Addington, a sister, Hannah Casan, a grandson, Wallace D. Nettle, of Alameda, a granddaughter, Mrs. A. H. Weyand of Oakland, and a great grandson, Melvin Jack Weyand, survive.

## Do you just Brush your Teeth—or Do you Clean them Safely?

**SLAP-DASH** tooth-brushing allows food particles to lodge between the teeth.

Decay sets in, protective enamel is destroyed, a cavity appears and finally the nerve is exposed.

Thorough "sweeping" between the teeth, twice-a-day, will help prevent this—especially with a safe, wholesome dentifrice like Colgate's Ribbon Dental Cream.

## PASSENGER SHIP HAS PANIC WHEN PYTHON ESCAPES

SAN FRANCISCO, March 8.—Life in Noah's ark could not have been more eventful than the voyage of the Pacific Mail's liner Santa Cruz, which arrived yesterday.

While on the high seas, Marie, a 45-foot python, escaped from its cage. While terrified passengers locked themselves in their state-rooms, sailors baited for the serpent by means of nooses and block and tackle.

Then a monkey escaped, and it is still in the rigging.

The liner brought 350 monkeys, 100 cats, four pythons and two dogs.
